the right to be heard

# 4<sup>o</sup> World Day of Working Children

The Movements of Working Children organized and present in Africa, Asia and Latin America, invites you to celebrate together with them **December 9!**

The **4th World Day of Working Children** wants to highlight the important **contribution of the Movements to the fight against poverty.**

Through their work, combined with school and recreation, Working Children support their families and fight for their rights, against injustice, exploitation and trafficking, Aware that education is the key to improving life chances.
